

WHY GIVE TO LIONHEART SCHOLARSHIPS?

This year, Lionheart introduced a nationally recognized early learning system that equips educators with a toolbox of hands-on materials to bring children a variety of learning experiences through creative expression, play, and open-ended discovery. As children participate, they will naturally grow in all areas of development, including social-emotional, physical, language, and cognitive development. This curriculum weaves research-based skills into meaningful activities and projects.

Your ongoing support helps combine Lionheart's nurturing environment, intentional teaching practices, and meaningful relationships, to prepare children for success in school and in life.

"The plants make the oxygen, the fish eat the plants."

ELLIS, AGE 3

"LOVING this new curriculum," Lionheart mom, Sarah, shared. "My kids love telling me every day what plant or animal was today. My 3-year-old went to sleep singing '*the plants make the oxygen; the fish eat the plants*' - the word OXYGEN came out of her mouth at age 3 because of what she learned at school."

That's the kind of quality preschool environment you provide every time you give.

Lionheart serves many children with financial assistance, but the need is great. Your support can make a difference to prepare a child for success in school, success in life and planted with a biblical world view. And we want to help.

Bring the same best-in-class experience which nurtures the whole child to students who could not otherwise afford it.

DONATE TO MAKE A DIFFERENCE!
